Forum Topics of the Month

(1) Should we say "patient" or "person"?

Our messaging about POLST to the public needs to be easily understood and relatable. In our outreach and education, should we use the term "patient" or "person"? Learn why we have used "patient" and [weigh in on this topic by end of December](#) so it can be discussed at our January Plenary Assembly meeting!

(2) Your feedback still wanted on our Draft Trauma Policy!

Feedback is needed on our draft POLST & Trauma Use policy. Please take time to review and consider how this would apply and work in your state and provide feedback to your peers. [Please give feedback by November 13](#) so that the Program Standards Committee can discuss at their November 16 meeting.

About the Forum: This is not a patient or caregiver forum. The National POLST Forum is a closed online discussion board for POLST advocates and health care professionals participating in their state POLST Program (active programs only). To request access, email info@polst.org, giving us your full name, title/organization and state in which you practice.

POLST Concordance in Nursing Homes - *Journal of General Internal Medicine*

Susan E. Hickman, PhD, and others published a study examining concordance of POLST orders across 40 Indiana nursing homes. Residents with POLST forms were three times more likely to have orders that matched their current treatment preferences compared to residents who did not have a POLST form. Orders matched current preferences in 59% of

residents with POLST forms compared with 35% of residents without POLST forms. [View online](#) (limited access).
